Establishment to be given to
the Registrar of Co-operative
Societies in Mysore.

---ooOoo---

An establishment has to be
given to the newly appointed Registrar
of Co-operative Societies. In Madras
the Registrar, I am informed, started
with three clerks, one on Rs 70, one on
Rs 50, and the third on Rs 25; but on
account of increase of work, he has
already applied for some more hands.

The establishment of the late Inspector
of Agricultural Banks in Mysore con-
sisted of a Head Accountant on Rs 80,
a Deputy Accountant on Rs 55, a clerk
on Rs 25 and an accountant on Rs 15.

To the new Registrar in Mysore
has been assigned not only the duties
of organizing Co-operative Societies

but also those of studying the vicissitudes
of the existing industries and of collecting and
systematizing Commercial Statistics. His
establishment may, however, for the present
be as below:

1	Accountant (~~and a clerk~~)	-	-	-	Rs 76
1	First Clerk	-	-	-	Rs 40
1	Second Clerk	-	-	-	Rs 35
1	Third Clerk	-	-	-	Rs 25

From the manner in which reference
to the subject of Co-operative Societies
made in ^{the} Address to the Representative
Assembly ~~was received by the members,~~ was
received by the members and others, I believe
that there is a real desire to benefit by
the provisions of the new Regulation, and that
Societies are likely to be started in different
parts of the State. These Societies in the
early stages require careful nursing. While
the local officers will no doubt be helpful,
The Registrar should also be able to depute
one of his subordinates for inspection, when
he cannot himself go. The Accountant may

therefore ~~do~~ ^{when required} an Inspector also, and
given a pay of Rs 70. Much preliminary
work has to be done in the shape of
formal and informal writing to fami-
liarize the provisions of the Regu-
lation to the people. Before a So-
ciety is started or registered, the
local conditions have to be studied,
and for this purpose agricultural,
registration and other statistics have
to be collected. The first two clerks
will, it is expected be fully occupied
with these duties. The third clerk
will be available for help in the col-
lection of commercial statistics. All
these appointments may however be made
tentatively and any adjustment that
may be needed may be left to the fu-
ture after some experience is gained.

As the Registrar will have
much travelling work, a menial esta-
blishment consisting of not more than

nine hands, including a Mutchi, a lascar, and a sweeper or mashalchi, may be given at a monthly cost not exceeding Rs 70. For travelling allowance, including that of the establishment, a sum of Rs 2,000 may be provided till the end of the current official year, and for contingencies, such as purchase of furniture, of books, tour charges, rents &c., which will necessarily be somewhat large in the beginning, Rs 1,500.

The total cost of the establishment, including the menials, will be Rs 240 per month besides the provisions of Rs 2000 and Rs 1500 for travelling allowance and contingencies respectively, till the end of June next.
